

29th AIAA International Communications Satellite Systems Conference (ICSSC-2011)

Date: November 28 – December 1, 2011

Venue: Hotel Nikko Nara, Japan
8-1 Sanjo-Hommachi, Nara 630-8122 Japan

Papers are being solicited in the following areas:

- Advanced communication techniques
- Advances in payload subsystems and architectures
- Antennas and propagation
- Communications and network protocols and interoperability
- Advanced in earth terminal systems
- Integrated services for disaster relief
- Integrated services for remote medicine and remote access to medical records
- Interactivity via satellite
- Mobile broadband communications – Land, sea and air
- Military and dual use system and applications
- Rapid response payloads
- Regulatory and spectrum sharing issues
- Launch vehicles – Update
- Earth observation systems and applications
- Satellite-aided navigation systems
- Integration of air and space – Challenges and opportunities
- Maritime surveillance

Important dates

Abstract Deadline: 1 May 2011

Author Notification: 1 July 2011

Final Manuscript Deadline: 1 October 2011
